Description of an English literary character

Harry Potter

Harry Potter is the main character from the books by J.K.Rowling. The author has written seven parts about him. Harry is an average, common boy, he has thin figure, dark brown hair and green eyes. On his forehead he has a scar resembling lightning which has remained after the wizard Voldemort killed his parents and wanted to kill Harry. He wears round glasses. When he is at home with his stepfather or stepmother, he wears a sweater, shirt and trousers and at his school Hogwarts School of Witchcraft and Wizardry he has a black garb and a wand in his hand. He inherited magic abilities after his parents.

Harry is lovely, friendly, selfless, cheerful, polite, clever, modest, quick, brave and always breaks school rules. His best friends are Hermione Granger and Ron Weasly. He experiences dangerous moments, any sorts of adventure but also moments of luck and love with his friends. He lives in the Gryffindor residence where he was placed by a magic Sorting Hat at the beginning of the school year. Harry is an adventurous hero who tries to save the world against the evil in each of the series. His favourite subject is the Defence against the Dark Magic. He hates potions of professor Snape who is also the director of the Slytherin dormitory. Harry spots his talent for riding broomsticks and becomes the youngest Seeker, Quidditch player at the school in a century.
